REMUNERATION DISCLOSURE**Foreword**

Fideuram Asset Management (Ireland) dac (the "Management Company") applies a remuneration policy and practices that are consistent with, and promote, sound and effective risk management and that neither encourage risk taking which is inconsistent with the risk profiles, applicable rules, the Prospectus or the Management Regulations nor impair compliance with the Management Company's obligation to act in the best interest of the Fund.

Key figures

For the 2024 calendar year, the Management Company paid remunerations as follows:

DIRECTORS: 371 205 Euro

EMPLOYEES: 14 144 951 Euro

The average number of employees was 63; the detail of staff cost was:

Salaries, bonuses, benefits and secondments: 12 354 746 Euro

Social welfare costs / insurance: 1 428 488 Euro

Pension scheme costs: 732 922 Euro

Total Compensation: 14 516 156 Euro

Principles

The Management Company adopted remuneration policies and practices that:

- are consistent with and promote sound and effective risk management;
- do not encourage risk-taking which is inconsistent with the risk profiles, rules or instruments of incorporation of the UCITS funds it manages (hereinafter "the Managed Funds"); and
- are consistent with the business strategies, objectives, values and interests of the Management Company, the Managed Funds and the investors in those Managed Funds and include measures to avoid conflicts of interest.

The Management Company's remuneration and incentives policies are founded on the following principles:

- alignment of the conduct of management and employees with the interests of unitholders, clients and the related managed assets;
- merit, with a view to ensuring a clear correlation with the performance and managerial qualities shown;
- fairness, with a view to fostering honest conduct and standardizing remuneration packages;
- sustainability, in order to contain the costs arising from the application of the remuneration and incentives policies within a range of values that is compatible with medium and long-term strategies and annual objectives;
- proportionality based on the role held by staff members;
- compliance with the regulations in force.

The Management Company decided to entrust its Remuneration Committee with the advisory and consulting functions aimed to support the Board of Directors in all activities relating to remuneration, defined in accordance with the principles set out in the ESMA Guidelines on sound remuneration policies (ESMA 232/2013 and 411/2016). The Remuneration Committee has an advisory and consulting role aimed to support the Board of Directors in all the activities relating to remuneration.

The Remuneration Policy includes fixed and variable components of salaries and applies to all categories of staff, including senior management, risk takers, control functions and any employee whose professional activities have a material impact on the risk profiles of the Management Company and the Managed Funds.

The fixed component is defined based on contractual conditions, the position held, responsibilities assigned, and the specific experience and competencies gained by the employee.

The variable component is linked to personnel performance and proportional to the results achieved, keeping a prudential approach to risk, and is formed by:

- variable component, paid through the incentive and bonus systems;
- any stability agreements, non-compete agreements, retention allowance and similar.

The remuneration policy is subject to an annual central and independent internal review, to ensure that:

- the overall remuneration system operates as intended;
- the remuneration pay-outs are appropriate;
- the risk profile, long term objectives and goals of the Managed Funds are adequately reflected; and
- the policy reflects best practice guidelines and regulatory requirements.

The Group internal audit function conducts yearly missions on the rewarding and incentive system at the Management Company level. The audit conducted during the financial year 2024 revealed a positive picture, characterised by an appropriate implementation of the organisational model. Lastly, no irregularities have been detected in terms of individual compliance breaches among employees.

The investment policy of the above mentioned Sub-Funds is detailed in the Prospectus available at the registered office of the Fund.

The Fund has been created for an indefinite period and it is managed by Fideuram Asset Management (Ireland) dac (the "Management Company").

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements are prepared in accordance with Luxembourg legal and regulatory requirements relating to undertakings for collective investment in transferable securities (UCITS) and with generally accepted accounting principles. The financial statements have been prepared on a going concern basis, using the last official/tradeable Net Asset Value of the financial period (28 February 2025).

a) Combined Statements

The Fund's Combined Statements of Net Assets is the sum of the Statements of each Sub-Fund as at 28 February 2025.

There are no Cross Sub-Funds' investments (i.e. where one Sub-Fund has invested in another Sub-Fund of the Fund) as at 28 February 2025.

b) Net Asset Value per Unit

The Net Asset Value of each Sub-Fund is equal to the difference between the total assets and the liabilities of the Sub-Fund.

The Net Asset Value per Unit of each Class of Units is calculated by dividing the Net Asset Value by the number of Units outstanding on the day of calculation in the respective Classes of Units.

c) Valuation of investments in securities

The value of all portfolio securities and money market instruments or derivatives that are listed on an official stock exchange or traded on any other regulated market are based on the last available price on the principal market on which such securities or money market instruments or listed derivatives are traded. If such prices are not representative of the fair value, such securities, money market instruments or derivatives as well as other permitted assets, the value of such securities and money market instruments or listed derivatives is defined by the Board of Directors of the Management Company based on the reasonably foreseeable sale proceeds determined prudently and in good faith.

The value of securities and money market instruments which are not quoted or dealt in on any regulated market are based on the last available price, unless such price is not representative of their true value; in this case, they may be valued at a fair value at which it is expected that they may be resold, as determined prudently and in good faith by and under the direction of the Board of Directors of the Management Company.

The value of the investment in investment funds shall be based on the last available valuation. Generally, investment in investment funds will be valued in accordance with the methods described in the instruments governing such investment funds. These valuations shall normally be provided by the fund administrator or valuation agent of an investment fund. To ensure consistency within the valuation of each Sub-Fund, if the time at which the valuation of an investment fund was calculated does not coincide with the valuation time of any Sub-Fund, and such valuation is determined to have changed materially since it was calculated, then the Net Asset Value may be adjusted to reflect these changes as determined in good faith by and under the direction of the Board of Directors of the Management Company.

d) Valuation of securities lending

The Fund may lend securities included in its portfolio to a borrower through a third party broker. The assets continue to be valued as part of the portfolio of the Fund. If the prices of securities lent are not representative of their fair value, all such securities will be valued

at their fair value at which it is expected they may be resold as determined in good faith by or under the direction of the Board of Directors of the Management Company. Securities lending generates additional income for the Fund according to the contracts; the remuneration is recorded under the heading "Securities lending, net" in the Statement of Changes in Net Assets.

e) Income recognition

Interest income is recorded on an accrual basis and dividend income is recorded on a dividend ex-date basis, net of withholding tax if any.

As referred to in Note 17, dividend and interest income from Russian securities is currently not included in the NAV and will be recorded in the event of removal of the sanctions and the consequent availability of such income to the relevant Sub-Funds.

f) Net realised profit / (loss) on sale of investments

Investments in securities are accounted for on a trade date basis. Net realised profit / (loss) on sale of investments in securities are based on the average cost basis. The net realised profit / (loss) and change in net unrealised appreciation / (depreciation) on investments are recorded in the Statement of Changes in Net Assets.

g) Transaction costs

Transaction costs are charged by State Street Bank International GmbH for the processing of the Fund's transactions. Transaction costs are included under the heading "Other charges and taxes" of the Statement of Changes in Net Assets.

h) Allocation of expenses

All the expenses directly and exclusively attributable to a certain Sub-Fund are borne by that Sub-Fund. If it cannot be established that the expenses are directly and exclusively attributable to a certain Sub-Fund, they will be borne proportionally by each Sub-Fund.

i) Forward foreign exchange contracts

Forward foreign exchange contracts are valued at the market forward rates applicable on the valuation date for the remaining period from valuation date to maturity date. The unrealised profits or losses on forward foreign exchange contracts are disclosed in the Statement of Net Assets under the heading "Unrealised profit / (loss) on forward foreign exchange contracts".

j) Future contracts

Futures contracts are valued using quoted daily settlement prices established by the stock exchange on which they are traded. The Fund and the broker agree to exchange an amount of cash equal to the daily fluctuations in the value of the futures contract (the "variation margin"). For open futures contracts, unrealised profits or losses are recorded in the Statement of Net Assets under the heading "Unrealised profit / (loss) on futures contracts". Variation margin are recorded in the Statement of Net Assets under the heading "Other banks and broker accounts".

Unrealised profits and losses on future contracts are recorded in the Statement of Net Assets and their variations in the Statement of Changes in Net Assets under the heading "Change in unrealised appreciation / (depreciation) on future contracts".

k) Swap contracts

Swaps are, in general, contracts by which two parties commit themselves during a given period to exchange two flows, one in exchange of the other, determined on the basis of a nominal value. The flows may be linked to interest rate(s), exchange rate(s), share(s), index(es) or credit event(s).

Swap contracts are valued using the difference between the values of forecasted flows the counterparty is to pay to the Sub-Fund and those owed by the Sub-Fund to its counterparty.

Credit Default Swaps and Interest Rate Swaps are valued by reference to the net present value of the expected future cash flows based on the market interest rates and the markets expected default and recovery rate of the underlying asset. Total Return Swaps are valued by reference to the mark to market value based on the market value of the underlying asset. The estimated market value is based on the valuation elements laid down in the contracts, and is obtained from third parties pricing agents, market makers or internal models.

Swap premium is recorded in the Statement of Net Assets under the heading "Interest receivable / (payable) on swap contracts".

Unrealised profits or losses on swap contracts are recorded in the Statement of Net Assets under the heading "Unrealised profit / (loss) on swap contracts".

Credit Default Swap contracts are presented at clean price; therefore interest income is recorded in the Statement of Changes in Net Assets under the heading "Interest / (interest paid) on swaps and contracts for difference".

I) Option contracts

Option contracts quoted on an official stock exchange or on another regulated market are valued according to the last known market price where the contracts were negotiated by the Fund or, if there are several markets, according to the last known price of the principal market.

Option contracts not quoted on an official stock exchange or on another regulated market are valued at their last known market value or, in the absence of a market value, according to their probable market value in the reasonable estimation of the Board of Directors of the Management Company.

In the case of options on futures, no premium margin is required because here a daily profit and loss adjustment (variation margin) is made by the procedure known as "marking-to-market". The profit of one party to the contract is the loss of the other party. The resulting gains and losses are either debited or credited to the appropriate account on a daily basis via the mark-to-market process.

Unrealised profits and losses are recorded in the Statement of Net Assets. The final valuation is made at the final settlement price of either the expiration date of the option or the day on which it was exercised.

Market value of option contracts is recorded in the Statement of Net Assets.

The variation of unrealised profits and losses on option contracts are recorded in the Statement of Changes in Net Assets under the heading "Change in unrealised appreciation / (depreciation) on option contracts".

m) Contracts for difference

In a contract for difference, two parties commit to exchange payments, which replicate the economic consequences of holding a long or short position in the underlying security. Contracts for difference are valued at the closing price of the underlying instrument less the financing costs attributable to the relevant contract. When a contract for difference is concluded, the Sub-Fund may be required to deposit an amount ("initial margin") that corresponds to a pre-agreed percentage of the contract price in cash and/or other assets with the broker.

Unrealised profits or losses are reported in the Statement of Net Assets under the heading "Unrealised profit / (loss) on contracts for difference".

n) To be announced securities contracts

To be announced securities contracts ("TBAs") refer to the common trading practice in the mortgage-backed securities market in which a commitment to buy or sell a mortgage backed security (issued by Ginnie Mae, Fannie Mae or Freddie Mac) for a fixed future price at a future date is given. At the time of purchase of a TBA, the exact underlying pool of mortgages that is to be delivered is not known, but the main characteristics are specified. Such transactions are entered into with financial institutions specialised in such transactions.

Unrealised profits and losses on TBAs are recorded in the Statement of Net Assets and their variations in the Statement of Changes in Net Assets under the heading "Change in unrealised appreciation / (depreciation) on to be announced securities contracts".

o) Trailer fees

Trailer fees are paid out from the management fee for the distribution of the investment fund to distributors and asset managers. These rebates are granted out of the management fee to institutional investors who hold the Fund's Units for the economic benefit of third parties.

Trailer fees are recorded in the Statement of Changes in Net Assets under the heading "Trailer fees".

p) Translation of items expressed in foreign currencies

Assets and liabilities in foreign currencies are converted into the base currency of the Sub-Fund at the closing exchange rates of the final day of the financial period.

Income and expenses in currencies other than the base currency of the Sub-Fund are converted into the base currency of the Sub-Fund at the closing exchange rates in force on the day of the transaction.

The resulting realised and unrealised profit or loss made on foreign exchange is included in the Statement of Changes in Net Assets; any unrealised profit or loss on cash positions, receivable on assets and payable on liabilities denominated in currencies other than the base currency of the Sub-Fund being recorded under the heading "Net change in unrealised appreciation / (depreciation) on foreign currencies and forward foreign exchange contracts".

3. BANKS, BANK OVERDRAFTS AND BROKER ACCOUNTS

As at 28 February 2025, the counterparty for the "Banks" and "Bank overdrafts" accounts is State Street Bank International GmbH, Luxembourg Branch for all the Sub-Funds. The heading "Other banks and broker accounts" includes cash held with external banks and cash at broker accounts. The heading "Amounts due to brokers" includes amounts payable to brokers.

The heading "Other banks and broker accounts" consists primarily of cash receivable for collateral from the Portfolios' clearing brokers and various counterparties. "Amounts due to brokers" consists primarily of cash payable for collateral to the Portfolios' clearing brokers and various counterparties.

4. PLACEMENT FEE

For certain Sub-Funds, the Management Company was entitled to receive a placement fee, the existence and amount of which was defined according to the following conditions:

For the Sub-Funds Fonditalia Carmignac Active Allocation (classes R,S), Fonditalia SLJ Flexible China (classes R,S) and Fonditalia 4Children (class R) a placement fee, equals to 1,80% of the initial Net Asset Value per unit multiplied by the number of resulting units being issued, was applied at the end of the initial subscription period; it was levied on the Sub-Fund's assets collected as capitalized fees and is amortized over the next 3 years. For the Sub-Fund Fonditalia Carmignac Active Allocation a placement fee has been fully amortized.

As at 28 February 2025, there is no placement fee yet to be amortised recorded in the Statement of Net Assets under the heading "Other assets".

For the period ended 28 February 2025, the amortisation recorded in the Statement of Changes in Net Assets under the heading "Other charges and taxes" was as follows (in EUR):

Sub-Fund	Net amount
Fonditalia 4Children	(52 765,09)
Total	(52 765,09)

5. SUBSCRIPTION TAX

According to Luxembourg Law, the Fund is not subject to any income tax but is liable to a subscription tax ("Taxe d'Abonnement") at an annual rate of 0,05% of its Total Net Assets of each of the Sub-Funds, payable quarterly and assessed on the last day of each quarter.

A reduced subscription tax rate of 0,01% is applicable to classes Z and ZS.

Value of assets represented by units/shares in other Luxembourgish undertakings for collective investment ("UCI") is exempted from the "Taxe d'Abonnement" provided that such units/shares have already been subject to the tax.

6. OTHER CHARGES AND TAXES

The heading "Other charges and taxes" is mainly composed of placement fees, transaction fees and miscellaneous fees.

7. MANAGEMENT FEE

The Management Company, as remuneration for its services, is entitled to receive a management fee calculated and accrued on each Valuation Day based on the Total Net Assets attributable to the relevant Unit Class. For the period ended 28 February 2025, the effective rates for each Sub-Fund are the following:

¹Commission rate for this Sub-Fund has been changed from 1,10% to 1,70% since 2 January 2025.

The management fee is paid monthly on the basis of the monthly average Net Asset Value of each Sub-Fund. The distribution fees are paid by the Management Company out of the management fees paid by the Sub-Funds.

With respect to a Sub-Fund investing a substantial portion of its assets in other investment funds, the maximum management fee charged to the Sub-Fund and each of the UCITS and/or other UCIs in which it invests, did not exceed 5% of the relevant net assets under management.

8. PERFORMANCE FEE

Performance fee is paid annually at the end of each calendar year, based on performance of NAV per Unit of each class separately (after deduction of all expenses, liabilities and management fees but not performance fee), adjusted for investor subscriptions, redemptions and distribution of dividends. In Absolute Return model, the NAV performance is compared to a reference indicator. This indicator is a High on High (highest NAV of all previous periods) increased by annual fixed hurdle value. In Relative Return model, performance fee becomes payable if NAV performance of a Sub-Fund at the end of a calendar year is higher than the performance of a relevant Benchmark Index, even if NAV performance was negative.

The Management Company may earn a performance fee for the following Sub-Funds:

16. SECURITIES LENDING TRANSACTIONS

Fund's portfolio securities may be lent to credit institutions and other financial institutions of high standing. The Fund has the right to request, at any moment, the termination of the contract and the return of securities.

Securities lending is guaranteed by government securities and other bonds with a minimum rating of upper medium grade. Any transaction expenses in connection with such loans are charged to the borrowers.

The Management Company has designated Intesa Sanpaolo Wealth Management S.A. as Securities Lending Agent for the Sub-Funds that engage in securities lending transactions under a securities lending authorization agreement.

Intesa Sanpaolo Wealth Management S.A. is a related party to the Management Company being fully owned by ISP group.

For the financial period ended 28 February 2025, Intesa Sanpaolo Wealth Management S.A. acting as Securities Lending Agent had a Securities Lending Agency Agreement in place with Goldman Sachs International Bank for equity portfolio and lending securities to approved borrowers. With regard to bond portfolio, security lending transactions were mainly conducted under a Principal Lending Programme with Goldman Sachs International Bank coupled with an automated Agency Lending Programme.

The following summarises the value of securities lent analysed by the 10 top borrowing counterparties as at 28 February 2025:

17. GLOBAL CONFLICTS

While the ongoing Israeli-Palestinian conflict, and the continuing Russia-Ukraine war outcomes are uncertain, no significant impacts have been registered in terms of going concern or operations during the financial period. The Board of Directors of the Management Company of the Fund continues to monitor the evolving situation and its potential impact on the financial position of the Sub-Funds impacted.

On the 21 August 2023, the Management Company made the decision in relation to the treatment of dividends and coupons received in Russian rouble sanctioned bank accounts in the NAV of five Sub-Funds Fonditalia Income Mix, Fonditalia Flexible Emerging Markets, Fonditalia Bond Global Emerging Markets, Fonditalia Equity Global Emerging Markets, Fonditalia Global Bond and Fonditalia Emerging Markets Local Currency Bond. Considering that the income is not available to the relevant Fund due to sanctions and given the uncertainty surrounding the availability of the income, it was decided to exclude such income from the NAV. This caused no significant impact on the relevant Fund.

The above listed Sub-Funds have (E) environmental and (S) social characteristics and promote investment into assets which follow good governance (G) practices in accordance with Article 8 of the Sustainable Finance Disclosure Regulation ("SFDR"). The Sub-Funds might invest in activities that are environmentally sustainable which are selected according to their investment policy, but such investments are not per se decisive to the attainment of the Fund's environmental and/or social characteristics.

In addition to integrating sustainability risks into investment decisions, the Management Company considers ESG factors in the analysis and selection of financial instruments with the aim of achieving an ESG score, calculated at the overall portfolio level, which is higher than the ESG score of the investment universe or of the benchmark, if any, using data from the specialised info-provider "MSCI ESG Research". The ESG score of the Sub-Fund is calculated as a weighted average of the ESG scores of the issuers of the financial instruments in the portfolio.

Without prejudice to the integration of sustainability risk analysis, all Sub-Funds belonging to the umbrella Fund do not, however, promote the specific environmental objectives identified in Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 establishing a framework for sustainable investment and amending Regulation (EU) 2019/2088. The investments underlying these financial products do not take into account the EU criteria for environmentally sustainable economic activities.

The Management Company has adopted a specific framework that defines how the "Principal Adverse Impact indicators" ("PAI") are taken into account within the assets managed, in accordance with the provisions of the Regulatory Technical Standards (RTS) of Regulation 2019/2088. This framework provides for the use of specific indicators, as declined in the RTS17, on the basis of the guidelines already defined by FAMI according to the characteristics and objectives of the individual financial products, which provide for the use of mechanisms of (i) negative screening of SRI and ESG factors, with the aim of mitigating the risks of exposure to companies operating in sectors deemed not "socially responsible" (such as, among others, the exposure to the unconventional weapons sector) or characterized by environmental, social or corporate governance criticalities, (ii) positive integration of ESG factors in the analysis, selection and composition of financial portfolios (ESG Score), (iii) active shareholders vis-à-vis investee issuers and (iv) identification of sustainable investments under the SFDR Regulation through the methodology for assessing the degree of alignment with each of the SDGs, or pursuing measurable positive impacts. The selected environmental PAI refer instead to the CO₂ emissions Scope1 and Scope2 and GHG Intensity, in view of the topics related to the Net Zero Asset Managers Initiative. Two social PAI were selected to limit exposures to violations of the UNGC principles/OECD guidelines and exposure to controversial weapons sector.

Financial products within the Sub-Funds take into consideration Principal Adverse Impact indicators ("PAI"), specifically consider the following indicators:

PRINCIPAL ADVERSE IMPACT (PAI)	PAI CATEGORY
PAI applicable to equity instruments	
Carbon emission (Scope 1 + 2)	Environmental
GHG intensity of investee companies	Environmental
Violations of UNGC principles and OECD guidelines for Multinational Enterprises	Social
Exposure to controversial weapons (anti-personnel mines, cluster ammunitions, chemical and biological weapons)	Social
PAI applicable to government bond and supranationals	
GHG intensity	Environmental
Investee Countries subject to social violations	Social

Sub-Funds categorized under Article 9 of SFDR:

- Fonditalia 4Children
- Fonditalia Clean Energy Solutions

The above listed Sub-Funds have been categorised as a Sustainable Objective Sub-Funds, as (i) they have sustainable investments as their objective and (ii) the companies in which the Sub-Funds shall invest in need to follow good governance practices, in accordance with article 9 of the SFDR. FAM Sgr, the Investment manager considers the following indicators: PAI 1 - Carbon emission (Scope 1 + 2); PAI 3 - GHG intensity of investee companies; PAI 2 - Portfolio carbon footprint; PAI 4 Exposure to companies active in fossil fuel sector; PAI 10 - Violations of UNGC principles and OECD guidelines for Multinational Enterprises; PAI 12 - Unadjusted gender pay gap; PAI 13-Board gender diversity; PAI 14 - Exposure to controversial weapons (anti-personnel mines, cluster ammunitions, chemical and biological weapons).

The other Sub-Funds are currently classified under Article 6 of SFDR.

Outcome:

During the financial period the Management Company ensured compliance with the sustainability processes established for each category corresponding to Articles 6, 8 or 9.
